WILFRED TINEGA

FRONT-END WEB DEVELOPER

SUMMARY

I am a passionate front-end developer with expertise in HTML, CSS, and JavaScript, along with experience in modern frameworks like React.js. I excel at transforming designs into fully functional, responsive, and visually appealing websites. I am proficient in creating dynamic user interfaces, building single-page applications, and ensuring cross-browser compatibility. I have hands-on experience working with RESTful APIs, version control systems (Git and GitHub), and performance optimization techniques.
